## EDUCATION

**TECHNO INTERNATIONAL NEW TOWN | B.TECH INFORMATION TECHNOLOGY**

Newtown, Kolkata |

November 2020 - 2024

GPA: 9.54

## EXPERIENCE

**TINT DEPARTMENT OF IT | FRONT END DEVELOPER**

Kolkata | Jul-2021 – Present

- It was my first experience in a real life project as a front end developer where our team built a responsive website using html,css and js of our own department.

## SKILLS

**PROGRAMMING LANGUAGES** C, C++, Java, html, css, javascript

**LIBRARIES/Frameworks** Bootstrap, jQuery, React.js

**TOOLS / PLATFORMS** Node.js

## PROJECTS / OPEN-SOURCE

**CLINIC PROJECT | C PROGRAMMING LANGUAGE**

<https://github.com/Subha-Brata/c-project>

It was our first year second semester project where I and my friends built a basic c program to manage a clinic, where it stores all the information about patients and allocate a slot for individual to a certain doctor.

**SKILLSET (FINAL NAME IS NOT DECIDED YET) | HTML, CSS, JAVASCRIPT, BOOTSTRAP, JQUERY, DJANGO**

Its a project for our engineers' day program where we build a web app where we are trying to build a student community of our own college where students can help each other by sharing available resources or suggesting any kind of courses, books or guidance of any competitive exam in a personalized way.
